

Help candidates find jobs that fit their potential.

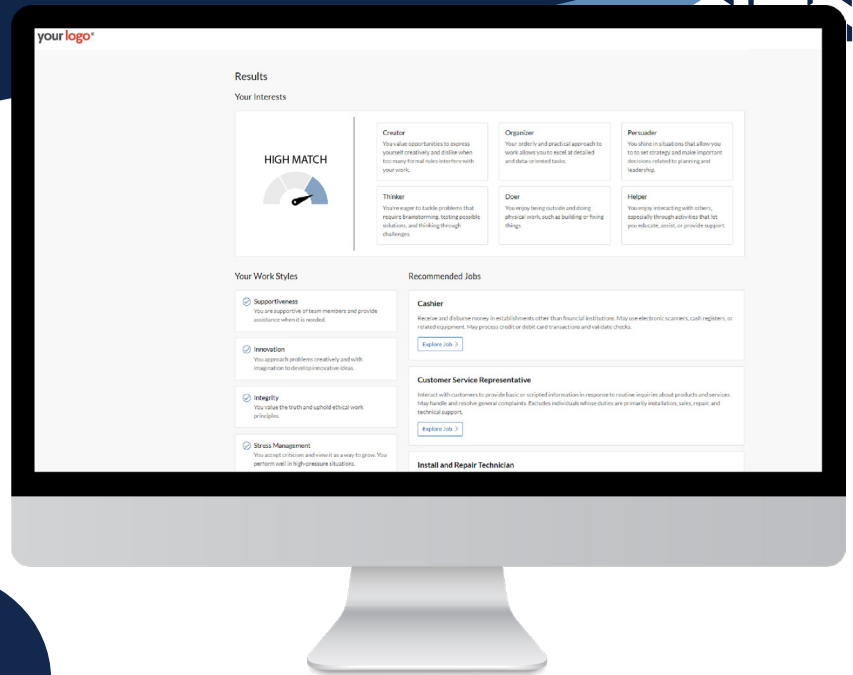

Whether candidates are just starting their career or questioning a change, Find My Fit helps easily identify what roles best match their potential. Quickly assess skills, interests, and even personality to present candidates with more opportunities.

Now they are presented with ALL roles that fit—not just what they've always applied for.

Find My Fit matches job seekers to your open opportunities.

Diversity

Candidates aren't always confident enough to search beyond what's most familiar. Or maybe they're new to the workforce and have no idea where to begin. By recommending roles based on the candidate's skills and interests, it drives candidates to those roles that might be a better fit—and can help expand the diversity of your talent pool.

25%

Charter/Spectrum increased female applicants for field technician roles by 25% using Find My Fit.

Identify Potential

Candidates complete a brief assessment of their interests, personality, and background. The results are compared to an organization's open opportunities, recommending the roles that are the best fit for the candidate.

91%

Charter/Spectrum: 91% of those who took Find My Fit found roles at the organization they had never seen before.
